AIMers TO

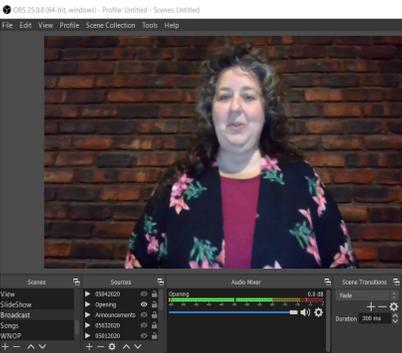

SOUTH AFRICA

MAY
2020

Greetings in the wonderful Name of Jesus from South Africa!

Despite everything going on in the world, the Word of the Lord is still going forward, and lives are being touched. The virus is still greatly affecting everyday life and there are limitations still in place, but that has not stopped the witness of the gospel.

We continue to have online services and Bible studies. As a result, we have been able to reach out to many people that we did not even know before, and may have not had a chance to witness to, if the virus had not attacked. What the devil thought would drag the church down, has just opened another avenue to minister.

I mentioned last month about the young mother that runs a laundry business that we met when we first came to South Africa. She is now ready to be baptized in the Name of Jesus and hoping that regulations will change so that we will be allowed to baptize her soon.

Recently, we have been put in contact with another young lady that lives in a neighboring community. She was witnessed to by someone overseas online during the lockdown, and now we are beginning to have online Bible studies with her and believing God to bring her all the way in.

Beginning June 1st, the government is going to level 3, and will loosen regulations and will allow for churches to be open for limited services. They have also announced that ministers will now be considered essential workers. Meaning that we can counsel people in need. It is not a perfect situation, but I continue to believe that God will have His way and many people will come to the truth. Please continue to pray for the work here in Vanderbijlpark as well as for all of South Africa.

A Great Thank you once again for your continued prayers and support!
