June 2020

Greetings in Jesus name from Swakopmund, Namibia!

Great news! When the lockdown for Swakopmund was temporarily lifted, we were able to start our GATS classes again. It was so good to be together after six weeks of lockdown. The Lord met with us in a very special way. Namibia has four holidays in May, so we were able to put in extra hours on the long weekend and made up eleven class hours. We were able to have cell meetings and I had some at my home, they were a great blessing.

We have been blessed in Namibia, and God is moving in our land. It is our day for revival and an outpouring of the Spirit of God. The students are receiving their own miracles. One young man was taken to the doctor with breathing problems. Prayer was called, and the Lord stepped in and touched him. Another young man needed a job in a time of real crisis in our country with many out of work. We all prayed in class and he was hired on the spot when he applied for a job. One of the ladies that comes for our weekly Bible Study was exposed to the coronavirus at work and she and her coworkers were sent home for two weeks. Everyone went to prayer for them and not one of them took the virus. Another student has a guest house on The Strand, and with no tourists in the country they were hurting financially. We prayed in class and a man came that has a contract with the government for his company in this area. He booked all her rooms for three months and paid upfront. There are many guest houses in that area, yet he passed all of them and came to hers. Only God can do that!

I have been praying about a cheaper place to rent to help my budget. Yet, the house I have is ideal for all of my classes and Bible studies. I spoke to the realtor in charge of this place and let him know that I would be looking for something cheaper. The next day he called and asked if I had found anything. I told him that I had and how much the apartment was. When I told him, he said that there was no way that the landlord would come down that much. I asked my students to pray, and we prayed in class. Later in the day, the man called to tell me that the landlord would match the price of apartment I had found. What a blessing and a real answer to prayer!

There are so many things that God is doing and both of my classes and Bible studies are learning the power of prayer. We serve a mighty miracle working God!
