

## **Braden & Carrie Reeves - June 2020 Monthly Report**

- The government released official guidance for religious gatherings. Although allowed, our church building would limit the crowd to four people. As such, we are not able to meet in person.
- Continued services in online/live streaming format
- My wife taught in a ladies meeting of an African church of another denomination (the same church I preached the Holy Ghost outpouring service in January). There was a great response. We are continuing to allow God to develop the relationship with this church praying that the door of doctrinal hunger opens soon.
- Met with church leaders weekly online in an electronic format
- Involved church members in weekly online services by including their videos of testimonies and special singing
- Invited people who have never attended services to view our online services
- We are developing relationships with people in our neighborhood and spiritual conversations are beginning. We are excited about what God is doing in hearts right now.
- Made phone calls, video calls, and/or messaged all church members to maintain relationships in lieu
- Made phone calls, video calls, and/or messaged non-church friends and contacts to maintain relationships
- Studied Greek language 5 days per week remotely and continued with Greek language school over Skype
- Tended to all the church business (paying bills, maintaining records etc.)
