GREETINGS FROM OKINAWA!

Greetings in the wonderful name of our LORD Jesus! I was able to go to Miyako island this month and help support Brother Travis. We had a prayer drive around the island, and we were able to meet and minister to many of the contacts made. The man to the right is 81 years old, and Bro. Travis has prayed with him on several occasions. Keep him in your prayers as he still needs the Holy Ghost.

Myself and several others completed our new Sunday school room. It needs some touch ups, but we are preparing outreach events to fill the classes.

The picture below is a young lady in the military that was baptized in Jesus' name at one of our local life groups. Our church has been praying for her to be baptized for sometime, and she finally made that decision. Keep her and her husband in prayer as they both need the Holy Ghost.

Again, my wife and I express our thanks for your continued support and prayers. Yours in Christ
