JULY 2020

## APLS ATTENDANCE

We are thankful that even in the midst of COVID-19 God continues to prick the hearts of Service Men and Women on USAG Humphreys. After returning to the Chapel, following online only service, there was a decline in regular attendance. However, APLS is glad to report that there has now been a steady increase. We praise God for a total of 27 in Service on Sunday.

## TESTIMONY

In January 2020, while expecting their second child, the Duke family received unfortunate news. Sis Duke had been diagnosed with stage 1 cervical cancer. During the pregnancy, in March and April, Sis Duke had two surgeries to remove the cancer. In May their son arrived unexpectedly 2 months prior to his scheduled delivery. One final cancer surgery was performed in July. Following their last doctor's appointment, the Dukes are thankful to report that Sis Duke has now been declared cancer free. We are rejoicing and thanking God for His goodness and faithfulness. He is with us even in our darkest hours. God is our Healer!
