Hello everyone!

The summer of 2020 has been a strange one, no doubt. We had expected several more AIMers to join us in June, but due to borders between the States and Europe remaining closed, that hasn't been possible.

We are hoping they will be able to join us this fall, but that is seeming to be less and less likely as the situation progresses. We are praying for all of you back in the States!

Having a smaller team may be seen as a setback, but God is still working! We have had several opportunities open to us to become more involved in the communities around us. Just a few weeks ago, we were part of a kids' day in one of the southern districts. There was music, games, and opportunities for new contacts and sharing the Gospel. We are so thankful for this!

During worship night, God moved in a beautiful way. There was an incredible spirit of peace and joy in the room with us. Several of our contacts were able to be with us and were wonderfully blessed.

Throughout the summer, we have been dividing up the city and doing more and more prayer walks. God is tearing down the strongholds here! Darkness cannot stay where there is Light!

We have resumed game nights and English Club as well. We are expecting great results from both of these events! Soon, we will be launching a Kid's English Club to become more connected with the younger souls of the city. We ask that you pray for wisdom and favor as we begin this.

I have been in Warsaw for longer than my original term and am not yet able to return to the States due to residency paperwork on top of travel bans. I ask that you pray for the Lord's provision and guidance during this time. I am more than happy to remain in Poland, however for this to be possible, I am in need of a financial miracle.

Thank you so much for your prayers and support! If you have any questions at all, please feel free to reach out to me!

God bless you abundantly!

-Sara
