

Connect with us!

Central America/Caribbean Region:
David & Yonda Schwarz

Our greatest need is for people who are **willing** to serve. People who are **willing** to join with others already involved in reaching the lost. People who are **willing** to help train those who are converted. People who are **willing** to do whatever it takes to help ignite the flames that will take this great revival to another level.

Are you willing?

About the GO!Center

The GO! Center is your destination for all Short-Term Missions opportunities from around the world. Opportunities include teaching, discipling, preaching, outreach, worship leading, youth ministries and so much more!

OUR VISION

Reaching the entire CAC Region with the gospel of Jesus Christ to populate every country and island with strong, vibrant churches.

CAC REGION

Central America/Caribbean

David and Yonda Schwarz

A word from the Regional Director

The CAC Region has been, and continues to be, a region of great revival. The diversity found in the Caribbean Islands, Central America, and Mexico is an invitation to any and to all who would want to be involved in reaching the lost. Whether in the tropical islands, the mountains of Central America, or the high desert of Mexico, there are many souls to be reached. English, Spanish, French, and Dutch are the primary languages, but there are many others spoken as well.

An incredible opportunity is waiting for you in the CAC Region. Come join us! Take part with missionaries, national leaders, and churches to bring in the ripened harvest in these end times.

About the region

The CAC Region consists of thirty-nine countries and territories. They include Mexico, the seven countries of Central America, twenty-eight countries and territories (including islands), Guyana, French Guiana, and Suriname in South America. The collective population is 360 million diverse peoples.

There are multiple countries in the region that are nationalized but seeking the presence of a missionary.

Prayer points...

pray for CAC missionaries
pray for national leaders in the region
pray for laborers to go into the harvest
for a list of CAC missionaries visit,

About the people

The people are as diverse as the terrain, cultures, food, music, and languages. They are lively in their way of life and bring that same liveliness into the church with them.

Spicy, colorful, tropical, rhythmic, and friendly, are all words to describe this region, the cultures, the people, and the church. There is never a dull moment in the CAC Region. Your feet would move and your heart would rejoice too, if you came and fell in love with the people here and the cause of Christ.

The CAC Region is home to two UPCI orphanages! One is in Guatemala (run by missionary Lynne Jewett), and the other in Haiti (run by missionaries Ron and Terry Brian).

DID YOU KNOW?

This region has a total of 5,170 UPCI churches and preaching points as well as over half a million constituents!
