

November 2023

Amber Allen
AlMer to Fiji

This month has been an eventful one. It started off with a Central District Thanksgiving service with Bro. Goodaire. Three received the Holy Ghost and one was baptized in Jesus name! The next week a group from Canada came to help build the Apostolic Oneness UPCI of Sawani. It was an honor to be a part of the very first service in their new building!

Following the completion of the church building project, Fiji was greeted with a cyclone. The weather was not too bad, just some wind and rain. During that week, I started getting the classroom ready for homeschooling fun. The next week homeschool officially started!

Apostolic Oneness UPCI of Sawani

New words I have learned

Tolou- Excuse me
Yadra- Good morning
Moce- Bye
Wai- Water

To conclude this month of Thanksgiving we attended the First International Church which had its Sunday school promotion. It was a joy seeing and hearing all those children sing and quote scriptures! At the conclusion of the service one young lady was baptized in Jesus name. Thanksgiving week had me reminiscing and counting God's goodness and faithfulness. It was wonderful to celebrate Thanksgiving with my new mission family! As November was coming to a close it was an honor to be a part of Truth Tabernacle in Nasouri!
