

FALLONS IN JAPAN

November 2023 Update

Osaka City (pop. 19 million)

WHAT'S NEW...

We are so grateful to God for another wonderful month here in Japan. This month we helped host the JUPC Southern Region Conference which includes all prefectures south of Osaka. The building was absolutely packed, and we heard a divine Word from Rev. Nathaniel Burmeister, Director of Campus Ministries International. Many backsliders returned, and lives were rededicated to the Lord.

During that conference, Caleb lead a Purpose Institute (PI) graduation service, where 14 students received diplomas, with most finishing 4 year programs. This month also marks the end of his 3rd semester of teaching PI, with 4 ministers in training this semester.

Finally, we ended the month with many new guests at our thanksgiving service and potluck, with many praying in the altar.

PRAISE REPORT/ PRAYER REQUEST

We are celebrating 14 months in Japan as an AIM family, and we are incredibly grateful to God and to you, our faithful partners, for making our service here possible. Because of your sacrifice, lives are being changed with the Gospel here in Japan. We thank you!
