Ministry Work:

Furlough Pastors for New Life Church and Nueva Vida

For the month of November we've had an amazing move of the Holy Ghost. Five were baptized and six received the Holy ghost. In our mission service that we have on first Sunday of the month, we experienced a full house. We had pull out some additional chairs to accommodate all, but we still had some standing with well over 150

people in attendance all glory is given to God for the increase.

We had the privilege on performing two baby dedications, and having our daughter dedicated also. We continue working with the daughter work in the city of Perth, having a service once month. We continue to have a home Bible study twice a month in the city Hamilton.

This month I completed teaching in Harvest Bible School for the altered program, the course of the Oneness of God. It was quite a challenge, with the majority of the students being trinitarians. However one of my students got the revelation in the class and got baptized in Jesus Name.

We have started a new fellowship with our guest, after their second service we invite them to a meal to get to know them in a personal level. We have kept 100% of our visitors in the last 3 months with this practice! God is so Good!

Prayer Points

Prayer Focus	Revival Focus	Goal
