Revival Fire

Now that the holidays are over, things have quieted down a little bit. The first few days of the new year brought a bitter chill to the air, making it uncomfortable to be outdoors. The work still continued, inspite of frosty weather conditions. Prayer walks happened weekly throughout the city of Jelgava and spiritual warfare happened. We proclaim that there will be great revival in Jelgava and Latvia in 2024! Many great things will be happening and I cannot wait to see all the miracles and testimonies of what God has done! It may be chilly outside but there is a revival fire burning within us. Nothing can stop what God has planned. In Latvia as it is in Heaven!

A Moment in Time

Pictured here is the Academia Petrina, or the museum in Jelgava. One of the oldest surviving buildings in Jelgava it was one of the first universities in Latvia. It now holds a lot of memorabilia and artwork and is a wonder to see.

Relational Evangelism

We believe in relational evangelism, which means we are a part of the lives of the people we are reaching for. One of the guys that attends services in Jelgava graduated with his Masters degree this month. Several of our people went to celebrate him in this moment of triumph. We also made new friends while we were there. Afterwards we spent some time together in celebration. We believe in being there for every moment in their lives, whether it is big or small.

Because we are still in between semesters at the university, not everyone is able to make it to Sunday services. We continue to meet throughout the week when possible. In fact, the two Indian girls will be entering into Bible study this upcoming week. They have expressed a deep hunger to know more about God and the Bible. They believe they have been brought to Latvia for a purpose, and we want to help them discover their purpose. We want to help them develop a deep personal relationship with God. As I stated earlier, the Revival Fire in Latvia is beginning to burn and to spread!
