HAPPY NEW YEAR

FROM THE BUTLER FAMILY

GOALS FOR 2024

On January 1st of every year we reflect on the previous year and we discuss goals for the new year. These goals are in conjunction with the vision to share the Gospel, reach the lost, and with the Lord's help to help establish a national church that can produce more missions minded believers. With this vision in mind, our goals this year are to speak Bulgarian, make connections with locals through a variety of outreach ideas such as English clubs and etc, and give home Bible studies. We are believing God for a harvest in Bulgaria in 2024!

ROMANIA

For the next three months our family will be helping to serve the church in Bucharest, Romania because of our visa situation. We arrived in Bucharest January 17th and since we have been here we have attended church services and passed out flyers at busy metro stations. We are grateful to be apart of the work here, grateful for what we have learned from the leadership, and excited about how God is moving in this beautiful city!

Prayer

- Language Studies (Beginning February).
- Legal Status (obtaining a visa)
- Legal status for the UPCI in Bulgaria.
- Pray that God would help us to find hungry people so they can be reached with the Gospel.
