

Olá from Brazil

Kat Moyou's AIM report | January 2024

January took me into my 8th month as an AIMer in Paraguay, that has given me a total of 10 months of Aim experience. I'm happy to report that I am in the process of getting my things to upgrade to AMP, associate missionary. That means, I will be working on getting my local ministerial license with my home district in British Columbia.

Every three months I must leave Paraguay to renew my visa, so this month I took a quick solo trip back to Iguaçu Falls, Brazil. As a Vancouverite, what a joy to get back into nature. It's the one thing I'm home sick for. The endless nature runs, walks, and hikes at my fingertips.

While I was in Foz do Iguaçu, the closest city to the falls, I went to visit the [Marco de tres fronteras](#), unknowingly that the park wouldn't open for hours and the cell towers of three countries (Brazil, Argentina, and Paraguay) at that junction would leave me stranded. Thankfully, a Brazilian couple made the same

mistake, and let me hitch hike back into the city with them. Between us we could understand to varying degrees of Portuguese, Spanish and English and conversed about my aim trip in Paraguay. I got all choked up talking about the children at the school. I cannot wait for the school year to start up again to be reunited with them.

overview January

- Working with Nuevas Alturas director, Anthony Bir on rebranding the school's visual identity
 - a logo in keeping with the legacy of the school has been officially selected this week
 - Developed the marketing materials for the back-to-school evangelical event to be held in the month of February
 - Been researching lesson plans, as next month I will be teaching grade ten art at the mission school
 - I am excited about this, as this is my area of expertise
 - Before I came here, I taught 5 terms as an art/art history instructor at Vancouver Film School
-

Iguaçu Falls

My second time to the Brazilian side of the falls, and it was not less impressive than the first time. I love how you can feel the sheer power of the water rushing and crashing!

Everyone is talking about it is even harder now to visit Brazil with the new visa rules for Canadians and Americans of the United States. But did you know if you enter the Brazil at Foz by land border you only need your valid passport and proof of yellow fever vaccine? Granted, you can't leave the tourist zone of the falls, but if it is all you fancy to see just fly into Paraguay or Argentina. Better yet, I will join you, I will take any excuse to visit the falls!

Blast off!

We are excited to be hosting a children's back to school evangelical event at Nuevas Alturas. This is an annual event co-hosted with IPUPY's Ministry of Children. Please join us in prayer as we believe in revival among our student body!

Brand update

The mission school has been given a new name, from 'Nuevas Alturas Colegio Técnico Cristiano' to 'Asociación Educativa Nuevas Alturas.' With that name change the icon went under construction. The challenge was to keep the historical legacy of the logo while improving the scalability by reducing the complexity all while being gender neutral.

Belén had surgery

My baby got fixed this month. I can't get over how adorable she looks with her donut to keep her from licking and pulling out her stitches.

The vet has made a schedule of shots she will need to travel back to

Canada with me and where else the
Lord may send me after.

I am so grateful for to all those that helped sending me to this lovely nation.
Please, continue to cover Paraguay, the mission work, and the christian school in
your prayers.

If you desire to be apart of the revival in Paraguay please consider making a
one-time donation or become a monthly Partner in Missions (PIM).

*Canadians, please enrol through your UPCI church for a tax receipt, using the
designated account 112351.*
