HAPPY NEW YEAR

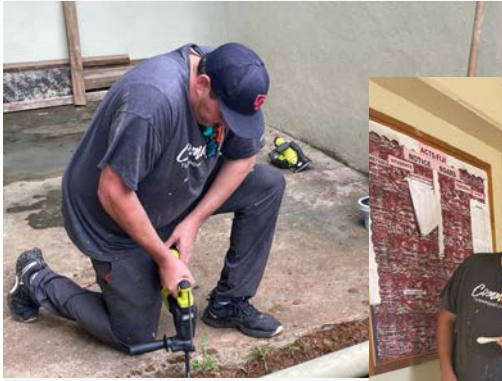

We pray you all have had a wonderful start to the new year! We have been very busy once again with preparations to start the new school year at the Bible college, as well as continuing to minister weekly at different churches. We look forward to a great year in our ministry, and in our future in missions as we know God has great things in store!

CHURCH

God has continued to do amazing things in each and every church service that we have had the honor to be a part of and minister in! We continue to see many filled and refilled with the Holy Ghost and give Him all the glory for the revival in Fiji!

January 2024

BIBLE SCHOOL

The new Bible school year started the end of this month. Matt will be teaching two classes, Worldview of Missions and Life of Christ. He will also lead chapel through the week. Onnalisa will be helping with some online classes. We have had a great enrollment this semester and are looking forward to a great year with all of the students.

MAINTENANCE AND UPKEEP

During the school break, there were many projects that needed completed before the new school year began. Matt worked on many of them, including cleaning, painting the classrooms and dining room, improving drainage and downspouts, and many other projects around the ACTS Bible school and Fiji UPCI HQ property.

This first month of 2024 has flown by, but we are truly looking forward to what the rest of the year holds. We are in the application process to become full-time intermediate missionaries and would appreciate your prayers throughout this process. We are so excited to continue our missions journey! Thank you so much for continuing to support us in prayer and finances. We couldn't do this without you! God Bless,
The Nash Family
