

An Update from Estonia

Joshua and Logan Robertson

Head Uud Aastat!

January has been a great month for us in the country of Estonia! One of our contacts returned from a trip to the United States, and we were able to spend time in fellowship with him shortly after his return, at his request. This young man has visited church with us several times over the past year, and he has asked us if we could continue the Bible Study that we began with him before he went on his trip. God is opening doors and setting things before us to reach people for Him. Another of our contacts, who regularly attends the game night we host at our apartment, has also visited church with us twice this month, and shows interest in continuing to come back. We are thankful for the ability to connect with this young man, and for his continued hunger for the Lord. Our tour guide contact reached out to us this month to invite us for coffee to talk about our mission. We were able to make connections with local Estonians at a tour with him this month and share with new people more about our church and mission.

Earlier in the month, Pastor Nate Turner and his family were involved with a funeral for someone connected to the church, and after the funeral one of the attendees reached out to ask about her and her children being baptized! This woman lives in the city of Tartu, where we travel twice monthly to hold Sunday evening services, and she is staying in contact with the Turner family to plan a time for them to meet, and to be baptized. We rejoice at this step being taken, and for this person contacting the Turners.

After the rush of the holidays and the New year, we have resumed our regular schedule of Saturday Youth Nights, and are continuing our in depth study of the Bible with these young men. We thank the Lord that they have continued to come and to connect with us, and to allow us this chance to show them the truth of God's Word.

We continue to look forward to what God has planned for this amazing country!

In Christ,

Joshua and Logan Robertson, AIMers to Estonia.
