« CITY OUTREACH »

Our Church had dedicated a time of intentional outreach in numerous areas of our local communities & military bases. One of the people we had brought cookies to is an Italian restaurant owner named Salvatore. He is near our church and over the last 14 years we have had several occasions to pray over him and his business and he has been very open to hearing about Jesus and the New Birth. We believe that God is working on him. Please, keep him in your prayers.

One area of the outreach involved bringing the cookies that we had prayed over together with a note of appreciation to our first responders and governmental offices, such as the city hall. We even were able to meet with the mayor of our city, Landstuhl. He opened his office doors and asked us to introduce our church. We let him know that we are praying for him and for the city, for which he was very grateful. We thank God for His favor, and pray that this will be an open door to reach many with the Gospel of Jesus.

» BAPTISM IN JESUS NAME

Massimiliano was baptized in the name of Jesus. He is the nephew of one of our sister in the church. We were able to give a Bible study about the New Birth and are grateful for what the Lord is doing.

We rejoice with our brother Paolo. He was baptized in Jesus' name just a few months ago and now received the baptism of the Holy Ghost. In spite of the difficulties in his life, he didn't give up and believed that the promise of the Holy Ghost was for everyone.

» HOLY GHOST

» HOLY GHOST

Dennis, the son of Paolo, who was baptized on the same day as his father, also received the gift of the Holy Ghost. He has such a desire to learn more about God's Word and grow, and we are excited for what God is doing.

» BIBLE STUDY

Please keep Clarissa in your prayers. Sister Negron meets with this young woman, as she wants to learn about God's Word and desires to be filled with the Holy Ghost.

Goals for 2024:

- 100 Home Bible Studies
- Leadership Training and Ministry development
- Cell groups (multiplication)
