

Hello, Friends and Family!

We are now on month two of living in Spain. We have enjoyed immersing ourselves in the new culture and trying different foods. Our eldest is having a hard time adjusting to the food culture so he is sticking with chicken nuggets and "warm toast and jelly" as he calls it. The youngest two enjoy experiencing new foods (very different from the US) such as empanadas, paella, and many others.

At the beginning of the month we had a couple days open in our schedule, so we took a drive to Southern Spain to a Coastal Mountainous City called Casares. We enjoyed seeing the Ocean and the Grandeur of the mountains in a foreign Country!

We all had a wonderful time experiencing a different city!

While we were there we connected with another American, Sandra, who moved from California to live in Spain with her husband in the mountains. We know that the steps of a man are ordered by the Lord, and that all connections are God ordained! In our connection we know that God sent us there and she was touched in some way by HIS presence in us. We are praying that God would move in Sandra's life.

We have also started language School at Easyworld Learning Academy! With yet another God connection! Pray for us that we would not only get a good start on learning the language, but that we would be able to be sensitive to the leading of God in this specific connection with Fernando and Eric!

Each Sunday we have a lot of first-time guests, and it continues to increase! So much so that we had to bring in more chairs this past Sunday as there was a line to be seated with not enough chairs. There continues to be a mighty outpouring of God's spirit, and many continue to respond to God's drawing. Over the past month there has been over 20+ that were baptized, and many received that Holy Ghost for the first time.

We are so very thankful for the mighty outpouring of God's Spirit in Spain. Many have been baptized and received the Holy Ghost! Every Sunday a mighty deliverance takes place and people are delivered, healed and set free.

The signs are evident!

Austin had the opportunity to minister to the body and preach the word in one of the English services, as well as teach the youth group one Saturday night. Both services the people of God responded to God's word in hunger, and humility!

One testimony we would like to share with you of God's miraculous healing.

It was a typical day and we took the kids out to the park, just another day here in big city life. We have an apartment on the second floor of our building, and our children are used to living on 1 acre of land back home in the states. They rather enjoy the outdoors, so we have had to adjust for them and take daily trips to local parks.

Anyhow, it was a normal day, and we were playing with the children at the park. We were walking around the edge of the park, and out of the corner of Austins eye he sees a young boy fall about 12 feet from the jungle gym.

The boy fell and his chin caught one of the ropes on the play set which began to spin his body as he fell. (Sorry for the description but we want to highlight how gruesome what happened was as it is important to what God miraculously did).

As the boy came to a halt on the ground, it was His face that hit the ground first, with his legs bent backwards his feet slammed on the ground over top of the back of His head. Austin thought to himself: "I think he broke His back".

Austin immediately ran over to the boy and began to pray for him. Austin kept saying " In the name of Jesus Christ, Be healed. Peace of God come upon this child in Jesus name." He even quoted it in Spanish as he noticed some of the onlookers were gathering close around the boy and wanted to make sure they knew who what he was saying!

The boy's body was absolutely contorted, as Austin ran up to him the boy was convulsing on the ground in pain. After about 30 seconds of Austin laying hands on the boy and praying, he began to calm down and be at peace. After he calmed down Austin began to inspect his body for injuries. He lifted up his shirt and his ribs appeared completely out of place and sticking up abnormally, along with his hips being twisted over to his right side.

Austin laid His hands on him and together we began to speak the name of Jesus and declare totally healing over this boy. We literally watched with our own eyes his bones lay flat back into place, his hips twisted, and legs rolled over and he laid flat with no pain!

The boy looked up at Austin and with tears in his eyes he said "Bien" (Meaning: Good). A few moments later His parents showed up and the boy stood up and walked to a nearby park bench and sat straight up until the paramedics arrived to check him out.

WE without a doubt witnessed a miracle.

The healing virtues of God touched this young child. It was compassion that moved Jesus to action, and it was compassion that led us to pray for the injured boy. Through having compassion on him, God performed the Miraculous. We didn't think twice, it was all we knew to do! We praise God for what he has done.

God is moving in Spain, and we are so very grateful to be a part of what God is doing and are expecting many more signs and wonders to take place in the next couple of weeks until our departure.

Thank you for your continued prayer support!

God Bless you all!

Sincerely,
The Paparella Family
