February's Focus: Outreach

Bulgaria 🇧🇬

Sis. Jill Patterson had been working with Victoria, a young girl from Bulgaria, that wanted to know more about the Bible. Now that Bulgaria is a part of the Schengen nations, we were able to arrive in Rousse within an hour and a half, with no boarder stops! It was such a cute, quiet town. Victoria is so kind and truly has a desire to know more about the Lord.

I'll occasionally have
coffee out & add a
shot, they say it
already has 2. They
add it, but think I'm
crazy 😜

Coffee with Liz

I enjoy spending
time with her!

We were able to talk with her for a while and share how God has changed our lives. I've kept in touch with her since and am hoping she'll accept my offer to do virtual Bible studies, she is in a place of searching and really does have a hunger to know more. Please pray that she will be open to connecting and that I will have the wisdom to help her to the right path.

Piata Trapezului & Piata Progresului

A small group of us met the first week of February at Piata Trapezului for outreach. There we prayed, handed out fliers and made intentional connections. I had not been to that part of town before, it felt good there, very family oriented. A couple of weeks later a group of us met at Piata Progresului, which is about a half mile from the church. We prayed, sang songs, handed out invites and some care packages. It was pretty cold that day and I saw a lady without gloves, so I caught up with her on the street and gave her a care package with gloves. Her immediate reaction was to say no, I can't pay for this, I don't want this, I said oh no, it's not about that, it's for you, it's free! She was so surprised that I didn't want anything from her, I was just being kind. She hasn't

Outreach at Piata Progresului

come to church yet, but sometimes it's just about being kind and sharing His love. The scripture that says "His kindness leads us to repentance" comes to mind. Be kind, be available, plant the seed, He will do the rest.

Prayer Points

We have a team heading to Piatra-Neamt this weekend for services Saturday and Sunday, we have a long drive Friday. Please pray for safe travels and for people to be encouraged! *If you would like to donate towards this cause, please see my link at the end of the email, or send me a message!* We want lives to be changed in Jesus name and would appreciate your partnership in this special initiative!

So much snow!

We had our first snow in Bucharest in the middle of February! It was so beautiful! Between Sunday night and Wednesday we got about 18-20 inches! I went out Thursday, the main roads were cleared but sidewalks and side roads were only partially cleared, if at all. The single lane roads took several days to clear. Even into the next week there was still quite a bit of snow packed down on the sidewalks that had turned to ice, especially where the buildings were tall and cast shadows so the sun couldn't melt it. I never heard snowplows, and I thought that was interesting because in the states you can hear the plows scraping the roads. It's warming up nicely now, spring is here :)
