

República
Dominicana

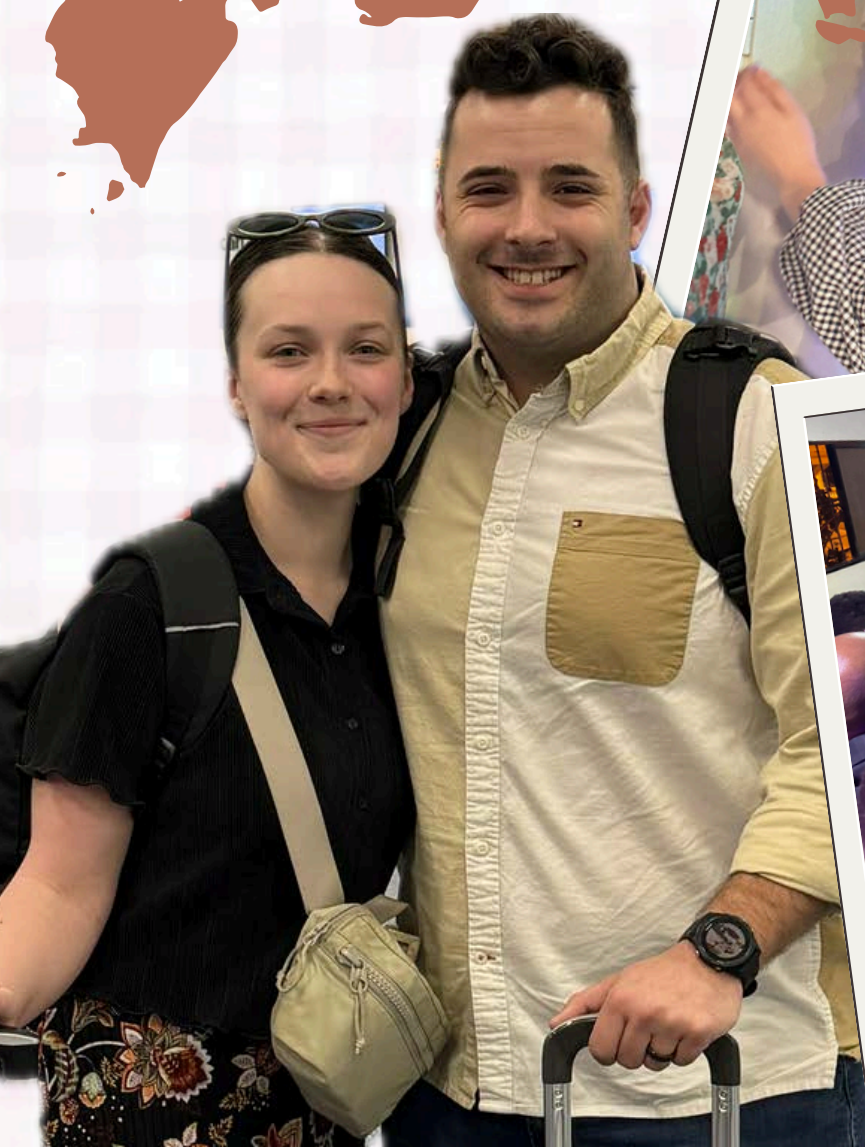

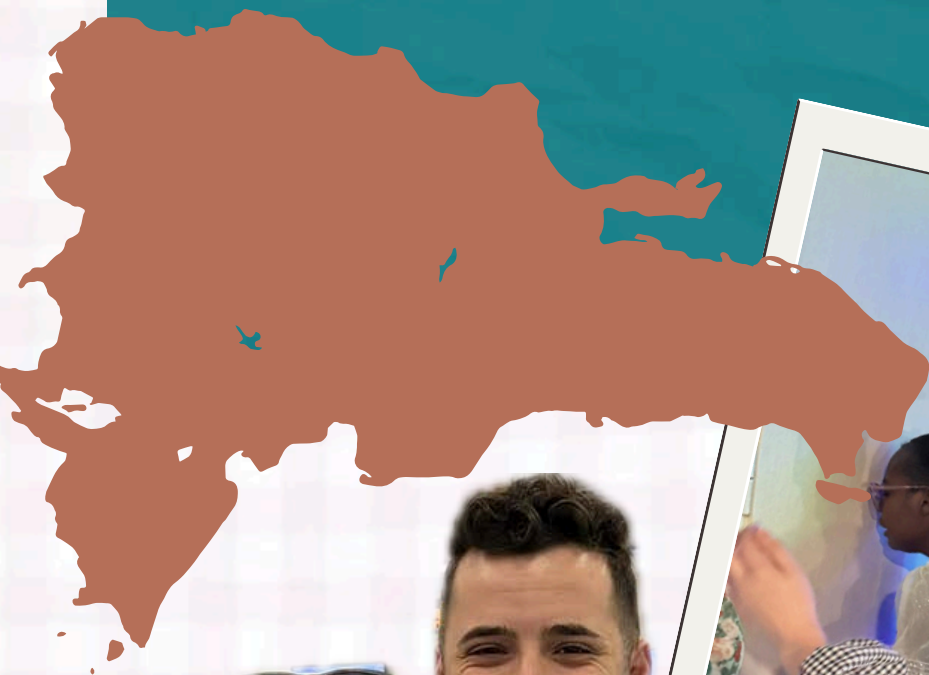

March in DR

¡Dios le bendiga! We are so excited to finally be here in the Dominican Republic. Over this past month, we have printed and put together books for the Bible school in Santiago, helped with a weekend revival, and Samuel has preached a couple of “fiery five” messages!

Services are lively and filled with love and warm welcomes. The people are so hungry to worship and to be a part of service. During our second Sunday service, five people received a miraculous healing! One man came into service hunched over in pain, received a healing, and then danced in the altar. God is moving here!

We got to participate in a Holy Ghost crusade in Santo Domingo! God showed up at each of the three services, and a total of 18 people received the gift of the Holy Ghost! Over the past few weeks, we have witnessed God's hand throughout the country. We are so thankful to be here working together with the Tingley family in reaching the people of the Dominican Republic. ¡Jesús vive!

We can't thank you enough for your support. Continue to pray for the people of the Dominican Republic!
