## Guests

We were thankful to be a part of hosting a visit from our Regional Director Bro. and Sis. David Schwarz this month.

We were also thrilled to be a part of the Corbitt's visit who came for just over a week. While here they aided us in ministerial tasks, ministered to congregations, and joined us on a trip to northern Guatemala to observe and aid in church projects being worked on.

We are so thankful for every group that passes through Guatemala and brings their passion to this field.

# Projects

We had the pleasure of visiting a number of church projects for future fundraising. The photos displayed here are just a portion of the churches we saw. Furthermore, across the country, the main reason for building new churches is that each of them has reached max capacity. There is revival in Guatemala. Each of the projects are extremely exciting.

La Isla plans on rebuilding twice as large as well as adding an underground parking garage. They hope to be halfway complete by December due to having church under a canopy until renovations are further along. They want to be in an enclosed space where people are not in the mud during rainy season.

Tactic is reaching max capacity, so they are adding a second floor to the church.

Guastatoya wants to expand its building. When we arrived in Guastatoya it was 104 degrees. They have a congregation of 70 and greatly desire to add fans to the building.

If any of these projects interest you, please reach out for more information.
