

## Help Build a Library for DayStar

DayStar Primary School, serving nearly 300 students from nursery to 6th grade, dreams of having a library. We aim to raise funds to make this a reality before the school year ends in June. Your contribution would provide books, shelves, tables, chairs, and artwork to create an inviting space for students to explore the joy of reading. If you're willing to contribute, please message me for further instructions. Together, we can make a lasting impact on these remarkable students.

## Prayer Requests

- Kinyarwanda studies.
- Bible Study opportunities at apartment.
- 1 on 1 TESOL classes with Witness (May).
- Provision for DayStar Library Project
- Remodeling process of the classrooms at DayStar.
- New class times at DayStar for Chapel preparation.
- Upcoming East Africa Sub-Regional Conference in Kenya.

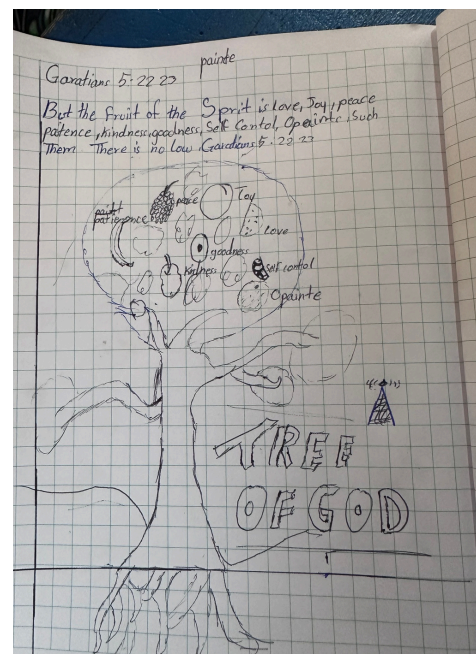

## UPCR Youth

Our youth class keeps growing! They have started sitting together during services which has fostered more growth in their relationships. They are full of passion, love to dance in worship and know how to praise the Lord! I can't wait to see their continued growth towards God and with each other! Please keep them in your prayers!

## UPCR Sunday School

Our unit has been focused on Growing in Christ and all of the areas of life that includes.

One Sunday, I taught on "Growing in the Fruit of the Spirit." After class, one of our students, Michael, showed me his notebook. He had taken notes from the lesson and recreated what was on the board. He has such a hunger for the things of God. He is such a great helper too! He constantly offers to assist wherever needed; from grabbing Sunday School materials from the storage closet, to translating if necessary. He has the heart of a servant!

## Praise Reports

- Comfort Zone expanding with communicating in Kinyarwanda.
- Powerful times of worship at UPCR.
- Greater understanding in UPCR Sunday School and Youth classes.
