OUR SECOND MONTH IN ABERDEEN

Our second month in Aberdeen is going well. We recently had the opportunity to preach at a local church an hour away from Aberdeen in Elgin with Pastor Derick Fyfe. The fellowship was such a blessing to our family, especially since they have children too. They felt like family, which was a comforting reminder of home in a foreign land. We're continuing our Wednesday night Bible studies at Starbucks. This month, five different individuals have come out to join us. We've made several connections in the community. Some of these individuals message us asking for guidance and sharing how lost they feel in life. We are reaching out daily, knowing that every soul we encounter is someone God has drawn. We don't take our time here lightly. It's short, and that reality can feel overwhelming, especially knowing that this coastal city of 225,000 desperately needs a church. However, we trust that God led us to Pastor Sam (whom we mentioned in our last newsletter), and we're continuing to connect and stay sensitive to what God is doing in that congregation. Beyond the church connection which is a congregation of about 70, we are in communication with 13 local individuals whom we message weekly and continue to work with. We're believing that God is laying a foundation, one soul at a time.

God Bless,

Brent, Melissa, Emma and Easton
