

APRIL NEWSLETTER

This month has honestly been a blur. Between Southern Region Conference, Easter, and a lot of NAYC discussions and planning, time flew by and it's hard to remember what all happened this month.

But it was a great blessing to have the Hanscom's with us for a significant portion of the month. I got a few days to fellowship with them before Conference while they were doing some sightseeing, and then Bro. Hanscom was our main speaker for the conference, and then he also was here for some joint events the following weekend, as well as our Easter service.

Southern Region Conference was a great time of the word, praise and worship, and fellowship. I'm looking forward to next year's conference in the mainland.

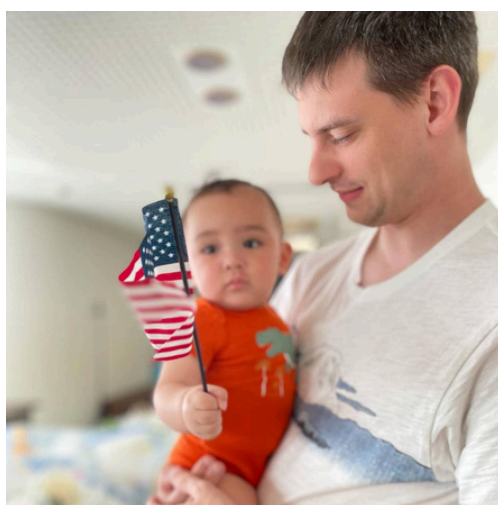

We had some new youth shirts made for our Southern Region Conference as well, and they sold pretty well. Fellow AIMER Braden and myself worked on designing and coordinating. We started a bit late in the process but luckily the company we worked with got everything done well and in time for the conference. They also remembered working on our church shirts nearly a decade ago, and even the people that coordinated with them, so that was pretty cool.

We had a couple baptisms on Easter, one of which is a youth visitor that had been attending for a month or so, but then we hadn't seen him for awhile.

And, we bought our flights for NAYC! They were cheaper than we had seen in weeks, so thank you for all your prayers and donations!

Youth fellowship after Southern Region Conference youth service. Most of us were still wearing the youth shirts.

Helping watch Bro. Shawn and Sis. Yuka's son.
