

APRIL 2025

Brandon and Brianna Rutherford

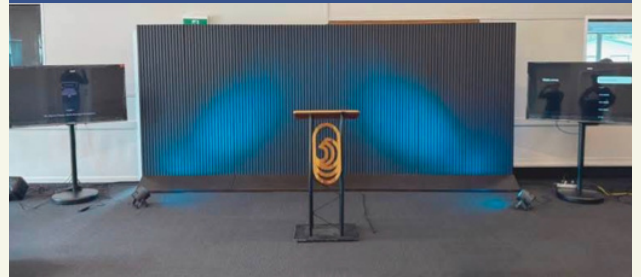

Our last month in New Zealand was filled with exciting things! Our final youth event was combined with a church work day. We organized, had a time of fellowship, and wrapped it up with a time of devotion. God is doing great things with ALC youth!

The beginning of April marked the two year anniversary of the Sunday school program. Brianna was here for the very first service, and it was an honor to celebrate with the kids two years later. We threw a Sunday school "birthday party" and had so much fun! We are beyond proud of ALC kids!

Our Easter service was a wonderful time of games, fellowship, and celebrating our risen savior.

Just in time for Easter, Brandon finished building wooden panels to be a backdrop for the platform. After months of hard work, the panels made this rented dance studio feel like a church.

We are thankful to the Borders family for allowing us to work alongside them and for everyone who has supported us. We have had an amazing five months here and are so thankful for the blessings God has given us!
