GSM

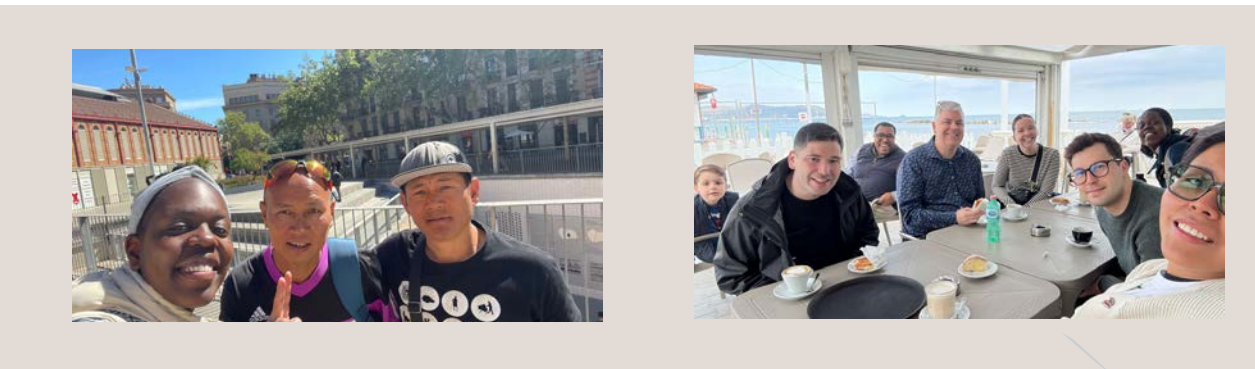

I am so grateful for the help of Hailey and Hollie who have taken the time to help at the University of Barcelona. We have made many contacts and continue to pray over those contacts and meet with them.

ITALY

The Lord has opened up the opportunity to go to Italies youth convention and share the burden of GSM. What a wonderful time. The leadership and young people were so kind and hungry. I thank the LORD for the two they had baptized in the water nearby and for those that were filled with the Holy Ghost as well as were healed. I am grateful for the students that have received the burden and desire to reach their classmates.

GREECE, THE INTERNATIONAL CHURCH, & FELLOWSHIP

We had a follow up GSM training in Greece and what a blessing it was to accompany some of their young people on prayer walks at their Univeristy. Serving at the International church has been a blessing. I have started bible studies with 2 people from Nepal. I also have had wonderful times of fellowship with our missions team! Thank you for all of your support!
