

May 14-June 13, 2025

I was blessed to be a part of the Swiss National Conference in Geneva from June 6-8. Rev. Chris Green preached anointed sermons, and on Pentecost Sunday, 9 people received the Holy Ghost and I was baptized! I was also involved with the Swiss National Board meetings and got to see the behind-the-scenes of what God is doing in Switzerland! Revival is here!!!

My first month in Switzerland has been incredible! I have been working alongside missionary Amber Hackenbruch and fellow AIMer Alexis Marshall in serving the local churches and the Swiss UPC. We worshiped with the congregations in Lugano, Heerbrugg, and Geneva, as well as helped facilitate the Swiss National Conference. We also excitingly anticipate the arrival of AYC next week and have been diligently planning and preparing for an incredible ten days with them. I have been stretched, strengthened, and motivated in the short time that I have been here and look forward to the next six weeks!!

~ Bible Quizzing ~

I was given the opportunity to travel to Paris with the quizzing team from Geneva for the French Bible Quizzing Finals. The tournament was solely in French, but despite the language barrier, the powerful Word of God remains the same!

Teams from Belgium, France, and Switzerland competed with 27 teams in attendance! It was amazing to see how this ministry impacts lives all over the world!

~ Switzerland ~

From the mighty Alps to the stunning lakes and vast countrysides, the Lord's craftsmanship is on display throughout all of Switzerland.
