## Northern Cyprus - occupied by Turkey

We have visited the "Republic of Turkey" or the "occupied side" of Cyprus a few times already and have loved it! In 1974 a war took place (some say invasion)- thus creating a border between "Turkish Republic of Northern Cyprus" and "Cyprus" or the Greek side of Cyprus. Crossing the border between the two we experienced such a drastic change in culture and atmosphere. We pray that one day soon- Northern Cyprus will have a church - and that the Name of Jesus will be declared.

## The city of Nicosia (pictured top right)

Nicosia is an hour away from The Pentecostals of Larnaca. One of the Ladies in the church opened her home for weekly Bible Studies! We have been meeting for about a month and have seen 4 people receive the gift of the Holy Ghost in the home and 2 Baptized in Jesus Name!

## Pentecostals of Larnaca (pictured above)

A total of 10 have received the Holy Ghost both in the home group and in the church. A few weeks ago, a man walked past the church. He saw the church sign and decided to check it out. Little did he know that day would change his life- it was then that he received the gift of the Holy Ghost.

## Larnaca Bible study (pictured above)

Weekly Bible studies held in Larnaca have been so incredible. Teaching the oneness and baptism in Jesus name - watching our disciples receive truth into their hearts has been so rewarding. Both husband and wife received the gift of the Holy Ghost and were baptized in Jesus Name! The hunger for truth has prevailed all tradition. His Name is glorified.
