

MAY NEWSLETTER

May was a month of preparation in regards to AYC and NAYC.

As I (very late) write this newsletter, AYC has already finished, and we will share some of those pictures and updates next month, but we're hopeful and expecting some AIMers to come out of that trip, as well as many new people praying for the nation of Japan.

There is also a Next Steps trip happening in Japan (and Malaysia) as of right now, so it feels like the time is ripe for Asia to have an abundance of new missionaries stepping forward, and bringing revival with them.

In May I began re-teaching our Life Foundations material to Sora and Yuuki on Saturday mornings before English class. They have finished the material before, but it has probably been about two years since last time, so I wanted them to get a refresher.

I have still been going through the material with Aran as well (the youth that worked at the ramen restaurant). Due to his work schedule, we can't seem to get a consistent weekly day for it, but we have been making progress.

In May we had a couple of people receive the holy ghost, including one that is youth age and has visited off and on this year.

Pastor Higa also was asked to preach at a non-denominational church, and he reported one receiving the holy ghost there as well.

Next month (June) we will be losing a few of our youth members, due to them being military and their parents getting redirected back to the states. I know the whole church is going to miss the family, and be praying they get plugged into a healthy church in the US.

Santiago doing a Bible reading (one of the youth that is moving). Luckily we will see him again at NAYC!

The Sunday School children playing games during potluck fellowship time.

The Fallon's youngest, Anne, enjoying her time talking to one of the saints at Sound of Praise.
