Mother's Day

Another busy month has flown by! This Easter, or Paska, was my first time celebrating a major holiday in another country. Easter egg hunts were swapped for candle light parades and midnight fireworks, but the joy and excitement of the celebration were still the same! Jesus is risen! Two AIM friends that I met last summer while on Next Steps came to Greece for Global Student Ministries Training. We went on prayer walks, and it was fun to show them around this time.

Aleah and I have hosted the youth at our apartment twice for small group bible studies. I love watching how much the youth of Athens love each other, and Jesus. We have been attending weekly bible studies with Julie, who is currently unable to leave her home, and this month we were able to witness her being baptized in Jesus name! She told us the joy and peace she felt after were immediate. The window washer for the church also received the baptism of the Holy Ghost, which brings the total for this month to 3 receiving the Holy Ghost and 2 baptized in Jesus name. God really is doing great things here in Athens!
