ATHENS, GREECE

Supervising Missionaries: Joshua and Christene Moreno

Greetings, From Athens!

ALEAH N. HUEY

During this past month, I have had the opportunity to fellowship with AIMers, AMPers, American Pastors, European Pastors, Retired Missionaries, and people from the community here in Athens. It's amazing to me, just how intricate God is with details such as the people you interact with. Whether its on a daily basis, or once in a lifetime, I believe that the people our paths cross with, are divinely appointed! This has been the most precious of my testimonies during my time here in Athens, thus far. Some plow, some plant, and some water... but it takes all three to successfully advance the kingdom.
