

Greetings from Poland

We have been praying for a “miracle space” and I believe that God is going to provide that when the time is right. We recently found a company that allowed us to rent a room for service each Sunday and it seemed like the perfect opportunity. However, some complications arose and at this time we have moved back to hosting services in the apartment as we pray and wait for God to open the door to a more permanent location. I know that no matter what happens, whether we are hosting services in an apartment or a permanent church building, that God’s plan is always best. We have watched God grow His church in incredible ways and we are believing for greater things as we walk with Him through the unknowns. Please continue to pray with us that God would lead us to the right space in the right timing.

English Club has continued to be a great way to make lasting connections. Each week we range from 20-40 people and many of the conversations we have shared have led to deeper conversations about God, bible studies, and people attending services. I am thankful for this avenue that we have to reach the people in our community.

In Poland As It Is In Heaven

Our team was invited by one of our Polish friends to visit his family's home where we shared a traditional homemade Polish meal together. It was great getting to experience the Polish culture on a more personal level and getting to meet his family for the first time. There is something special about being invited into somebody's home and I pray that as this connection deepens that we would be in a position to lead him closer to God. Pray that his hunger for God would grow and that he would recognize his need for God.

Although I was delayed a bit in returning, as of May 6th, I am officially back in the U.S. The photo above was taken at the airport before I flew to the States. As always, it is such a bittersweet time leaving the amazing people in Poland, but it is also great to be back in the States with friends and family for a time. I will be returning to Poland for another year as soon as fundraising is complete. If you would like to contribute to me returning to Poland for this next term, please reach out for ways to give. Thank you for your prayers and support!

Thank You

Your prayers mean the world to us. We need your support, and we are so thankful that you are lifting our team and this nation up in prayer. You are a huge part of the work here and we could not do what we do without your support. Thank you!

Pray for a permanent "miracle space" to host services.

Pray that addictions would break and that freedom would be loosed in the lives of the people.

Please cover Alyssa and Jackson Brooks in prayer as they are the only two team members in Poland for the next several months until the rest of our team returns. Please pray that they would be sustained with God's strength, and that they would have direction, boldness, and wisdom as they lead the church.

Pray for the team members who are currently away from the field. Pray for peace, direction, successful fundraising, and a fulfilling time with our families.

Pray that God would send laborers to help with the great harvest God is preparing here.

HOW CAN YOU HELP?
