

Greetings from Madrid!

Praise the Lord from Madrid, Spain!

As this has been our last month in Spain, we are excited to share with you all the great things God has done! In total, we have been in Spain for about 85 days and God has forever impacted and changed our lives thanks to your willingness to give.

God has been at work in Madrid, Spain! During the English Easter service there were two who received the gift of the Holy Ghost and one who was baptized with record breaking attendance!

We put on a worship leading workshop/seminar for the music department, have taught in the community life group as well as the youth class and have seen God move powerfully in all classes.

Spain is in revival and the buildings can no longer hold the harvest that God is bringing. Rather it is in personal Bible studies, discipleship classes or church services the lost are being reached. The Great Commission is truly being fulfilled in Madrid, Spain.

Because of your prayer and financial support you have played a crucial role in God's Kingdom in

Spain. We cannot wait to bring the reports of revival to you all in person.

God bless each and every one of you,
Jonathan and Taniah Ramos
