

# June 2025

*Amber Allen: AIMer to the Dominican Republic*

The month of June has been amazing. The MGC (Missionary Gateway Center) is in full swing. Everyone has been attending language studies and MGC classes.

We have had the opportunity to visit and minister in multiple church services in and around the Santiago and Santo Domingo area. At the end of June the MGC team participated in a Kid's Camp with puppets, action songs and the lesson. God is moving in the DR as we have seen multiple receive the Holy Ghost and at least one was baptized in Jesus name. During this month we had the opportunity to paint a Bible school in preparation for the upcoming semester. Looking forward to seeing what God does in July!

Enjoying the Dominican Republic cuisine and wildlife. Georgianna (the gecko) was our house guest for a few days until we relocated her to a more comfortable area. First time to try boiled bananas and salami stew prepared by a sweet Pastor's family.
