

## Greeting from Guatemala

It was so amazing to return to Guatemala this year. There was no awkward getting to know each other stage, it was running into open arms for heartfelt hugs. It is such an honor to be here tutoring the students, and helping any way I can. A new endeavor this year is getting to spend time with the nannies who care for the children and the office staff. We have made prayer Bibles and Bible bookmarkers. I have also been able to do some extra activities with the children. I was blessed to attend church in Villa Lobo as well as the church in San Lucas where we all attend.
