

# TANZANIA

CODY BROOKINS

JUNE 2025

## DAR ES SALAAM

Dar es Salaam is the largest city in Tanzania and is home to over 7 million people. Little by little, nationals are planting churches in the villages surrounding the city. Pictured here is the early stage of a church building, which will serve as the model for future churches across the nation.

## AYC TZ 2025

In early June, Apostolic Youth Corps sent 28 students to Dar es Salaam. They visited four villages to outreach, pass out tracts, and minister at local churches. Fifteen people were filled with the gift of the Holy Ghost, and many more lives were impacted during their time here.

## EAST AFRICA

The East African Subregional Conference was held in Nairobi, Kenya this year. National leaders from across East Africa gathered for a powerful time of worship, fellowship, and training. Together, we remain committed to taking the whole gospel to the whole world by the whole church.

Thank you all for your continued support. God is moving in East Africa!
