Praise Reports

- 37 filled with the Holy Ghost and 25 baptized in Jesus name on Pentecost Sunday
- Renewed Vision, Strength, and encouragement for the upcoming months.

Pentecost Weekend Seminar and Service

Over an unforgettable Pentecost weekend, The Pentecostal Church, under the dynamic leadership of Pastor Jason and Natalie Huckaby, partnered with the United Pentecostal Church of Rwanda (UPC Rwanda) for a powerful time of worship, fellowship, and ministry. Their ministry team poured into the lives of every church member, offering heartfelt encouragement and delivering powerful messages centered on healing, hope, and restoration through Jesus Christ. The presence of God was tangible as lives were touched, hearts were mended, and faith was reignited. We rejoice in the incredible outpouring of the Holy Spirit: 37 individuals were gloriously filled with the Holy Ghost, and 25 took the life-changing step of being baptized in the saving name of Jesus! To God be all the glory—we give Him abundant praise for what He has done and continues to do in Rwanda!

Prayer Requests

- Upcoming Teaching and Training Courses for UPCR Leadership
- Vacation Bible School- July 8-10th
- Youth and Sunday School Classes- continued growth in Christ

East Africa Sub Regional in Nairobi, Kenya

We had an incredible time in Nairobi, joining with leaders from many nations across the East Africa Sub-Region for a powerful time of connection and growth. We were greatly encouraged by the teachings of Rev. Tim Massengale on healthy church growth, which inspired vision, practical steps for ministry and this teaching will continue to impact the East Africa region for many years to come. While there, we also had the opportunity to purchase many books for the new DayStar Primary School Library. We extend our heartfelt thanks to every church and individual who has contributed to this important project. Your investment is sowing into the future of apostolic ministry in East Africa—and the impact will be felt for generations to come!
