WEEKS 1 & 2

I arrived to Santiago on May 26. I met the other AIMers here for the Missionary Gateway Center as well as the Tingleys, the Schwarzes, the Schreckhises, and the Shirleys. We had our first MGC class with Bro. Schwarz about nationalized works. We visited a fort and the downtown of Puerto Plata. We attended church in La Vega, where I was given the opportunity to testify, as well as a church in Santiago. We had our first full week of Spanish and MGC classes where we learned about culture, construction, hosting groups, and social media. We explored the city of Santiago and met the Mizes who would be visiting for a week. We visited a church in Santiago as well as in Puerto Plata where one received the Holy Ghost!!

WEEK 3

We learned about the history of the CAC Region with Bro. Smith as well as how to help without hurting. I was given the opportunity to teach a devotional to our team. We got to know the Mizes and show them the MGC. I visited two wonderful churches in Santiago and outside of Cotui where the spirit and hunger for God was so powerful and evident. We also visited the beach where I snorkeled and found some seashells.

WEEK 4

We learned about building a family with Sis. Tingley, the hands of missions with the Ueckers, and learned how to teach a Bible study with Bro Showalter. We assisted in an outdoor crusade to reach the community in La Romana. Many received the Holy Ghost and reported miracles. A pastor's wife reported that she was healed of scar tissue in her shoulder that the doctors could not help. I was blessed to be given the opportunity to testify in Spanish. We also painted and cleaned a Bible college. On Sunday we stayed in La Romana for church where faith was built.
