

AIM NEWSLETTER VOL. 3

It is hard to believe that my three months in Greece have already come to an end. The people I have met, the things I have learned, and the memories I have made will stay with me for a lifetime. I am forever grateful to the Moreno family, for not only loving me as one of their own, but for guiding me to stretch and grow personally and spiritually. It truly takes a village to grow the Kingdom of God, and I am thankful to be a part of it. Great things are happening for The Pentecostals of Athens, and revival is here!
