

**Ciara Martinez**

I have just finished one month in The Dominican Republic and have had the pleasure of seeing how God is moving in this nation. The first two weeks in country I was able to work and experience Santiago and Puerto Plata. I had the opportunity of testifying and attending numerous churches in Santiago and the nearby city of La Vega. We saw multiple receive the holy ghost while visiting!

# June Newsletter

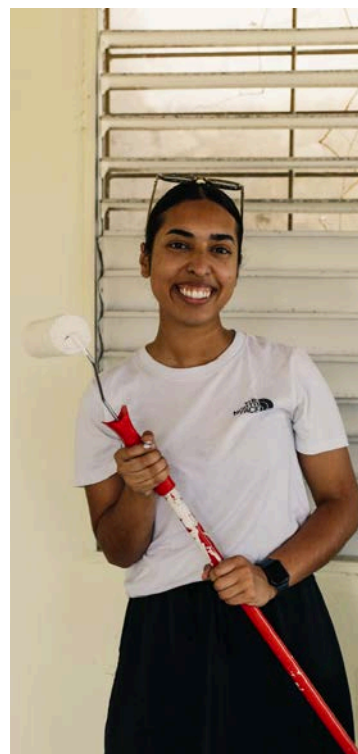

While the MGC classes are rolling me and the missionary kiddos are having classes too! During the weekdays I often am helping the missionary kids with their summer reading program. We're getting the kids prepared to take on the next school year. While Axton and Ellie are studying hard, Fletcher is often serenading us with his very own rendition of Holy Forever.

In my third week I travelled alongside the MGC group three and a half hours south of Santiago to the city of La Romana. While there the MGC team and I helped to clean up and paint the bible school. In the evening we attended services in a smaller village of La Romana. The spirit moved tremendously and we were able to see multiple other people filled with the holy ghost and one healing! The Children in La Romana were a true testament to the faith of the people there, in every service they were praying fervently, eager to receive the Holy Ghost.

## La Republica Dominicana

In my fourth week the other AIMers of the MGC and I had the opportunity to host a children's crusade here in Santiago. Praise God! Once again seeds of faith were planted in the Children's life. Following the Children's crusade, we traveled to the capital city of Santo Domingo where we attended youth rallies and services. The spirit moved mightily in the services and several more received the Holy Ghost!

It has been encouraging and impactful to see how God is moving in the Dominican Republic. The people here are hungry! As always please pray for the appointed missionaries, The Tingley's, The Schreckhise's and the Shirley's as well as Bro. & Sis. Schwarz and everyone in the MGC. Gloria A Dios!
