JUNE 2025- ISABELLE MCVETY

**Dear Global Missions Team, my amazing Pastors and my Family at Grace Apostlic Church,**

I want to start off by saying **thank you** for your support and constant prayers. I feel them and I know God is working so beautifully, He is so good. I have officially been in Sao Paulo, Brazil for 1 month and I have learned something new every day. This culture and atmosphere is one of a genuine spirit and a beautiful Godly love. The church has welcomed me with open arms and shown love more than I could even begin to describe. I would like to walk with you all through this month, June 2025 and tell you all I have experienced, learned and gotten to be a part of. God Bless!

I want to start by talking about the church. I have been attending **IPUB Mooca** every Sunday Morning, Thursday night and Prayers throughout the week. One thing I have really sat in during these services is the beautiful presence of God. I may not know the language or be able to sing every song, but I can tell you the spirit of God is evident. I found myself the first Sunday I attended, standing near my seat with tears welling in my eyes looking around at a group of about 50 people worshipping God and all singing in harmony together, thinking to myself this is what Heaven is going to look like. **“Sing unto the Lord, all the earth; shew forth from day to day his salvation.” 2**

**Chronicles 16:23** People welcomed and embraced me, and I was able to feel the love of God radiating from every single person. The second Sunday I had the opportunity to speak for service. I spoke on loving God with everything we have and giving it all in His hands. After this service seeing people at the altar and surrendering to God, loving Him, I couldn't help but to remember this is really what it's all about. Through this time, I learn more and more that it's all about loving Him and loving His people, it's simple. I think a lot of the time we make it more complicated than it needs to be, if we walk in HIS plan and HIS way, holding onto Him, then we are right where He wants us to be.

Next, I want to talk about the blessing of **Monday night Ladies Bible Study**. This is a group of ladies from all different churches in the area on a Zoom call. I had the opportunity of speaking one night and I was able to speak on our beautiful purpose. Love God, know God, love others. I was able to talk to the ladies and answer any questions for them that they had about me and my time here in Brazil. I think they blessed me more than I blessed them with the encouraging words and the prayers they sent for me. I left the Zoom call with a refreshed and uplifted spirit remembering each word and really just remembering the beauty of the God I am able to serve. There is truly something so amazing about a group of ladies, young and old, gathering together to hear the word of God and to uplift each other. This is something I will always pray over and ladies I will always remember.

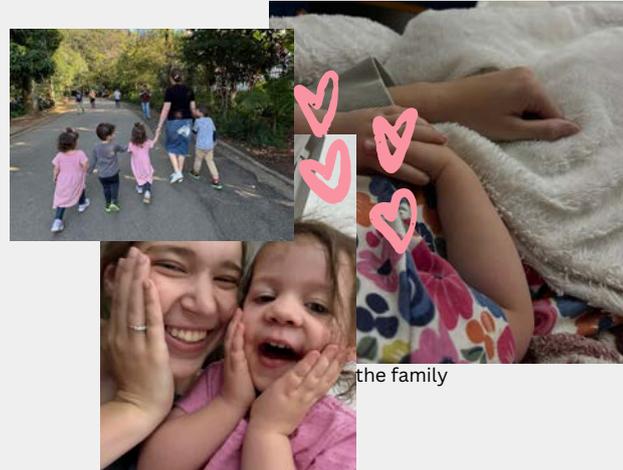

**Weekly prayer** for IPUB Mooca is held over Zoom call and is 10pm-10:30pm, they have these on Mondays, Wednesdays and Fridays. The spirit of prayer and devotion is so evident here and you can feel it in each and every conversation I have with people from the church and every service. I would love to bring this back home and really lean into a body of prayer. Prayer is beautiful when it's just between you and the Lord but there is something so amazing about the body praying together and seeking after His spirit in one accord. After the first Zoom call I was a part of I had a new love for the church, and I really feel so blessed to be here. Prayer is a rock here and you can see it in everything. **“Praying always with all prayer and supplication in the Spirit, and watching thereunto with all perseverance and supplication for all saints” Ephesians 6:18**

This has been a month of adjustment, growth, love and deep connection. I have been so blessed to be with the Anderson Family, I could go on and on about how much they have spoken to me or taught me but during this time of change and adjustment they have helped me to process and to grow in it. I truly feel so grateful to be here and to get to experience this. The kids are all little loves and they have completely won my heart. I know God has so many plans for Sao Paulo, Brazil and I feel so blessed and grateful to be here and meet new people and dive into Brazilian culture. I prayed this trip would not only change the people who are here but also touch my life, and I can say with confidence that the Lord has worked mightily in my life and placed burdens on my heart.
