

# MONTH ONE UPDATE

## LATEST NEWS ON MISSIONARY GATEWAY CENTER

### WHAT ARE YOU DOING?

One month completed! It has been an amazing month full of healings and infillings of the Holy Spirit. I have experienced many amazing classes with missionaries from all over the world, and have been participating in Spanish classes as well. Our team has now ministered in churches all over the country, but we have also taken the opportunity to be immersed in the culture, try new foods, and explore the city of Santiago. In the next month, we will be participating in many projects, including traveling to Trinidad to minister for a week, and participating in the national youth camp. Thank you for the continued support and prayers!

### HOW YOU CAN SUPPORT

I am so thankful for all of the prayers and support, but I am not done yet! Our team has several more weeks of classes, services, and projects that we are participating in, so please continue to pray for the MGC and missionaries! Here are some specific requests:

- outpouring of the Holy Ghost
- health of the team
- national youth camp

Pictured to the right, one of the minister's wives in a church near Puerta Plata was leading us in worship. One of my favorite parts about being here in the Dominican Republic has been seeing worship of the people. They are hungry, and God is pouring out His spirit all over the country! The DR also had a beautiful landscape, filled with mountains, jungles and stunning coastlines. The country, culture, and people are beautiful, and I can't wait to see what God does in July!
