WHAT'S NEW...

July was a very busy month here in Japan. The beginning of the month was a celebration for our supervising missionary Bro Hosmer's birthday and their anniversary. The JUPC also held their General Conference in a suburb of Tokyo, Japan.

Caleb has been working very hard to build a portable audio and video system that can be sent around to different conferences in Japan, as each of their 3 conferences each year are in a new city. This is the second conference that the new system was used in. We were so grateful to work with such a hardworking team from across Japan for 4 days to make the conference happen.

A group of youth along with fellow STM'er Jamie Davis travelled to NAYC, they have been planning this trip for almost a year! We are so excited for them to have gotten to see such an amazing event and be blessed by that.

Summer break has begun here in Japan for our boys. It's a shorter window then that in North America, only 5 weeks off. But they are excited to enjoy some time off during these very hot months.

PRAYER REQUESTS | PRAISE REPORTS

In August we will be involved in hosting a VBS here in Okinawa, please pray for all the staff and attendees. We are praying for an awesome move of God amongst the children!
