

ALICIA & BAPTISTE IN PARIS

We recently traveled to the city of Rambouillet with a team from PCC, where we were invited by a group of Catholic believers to baptize two members of their community.

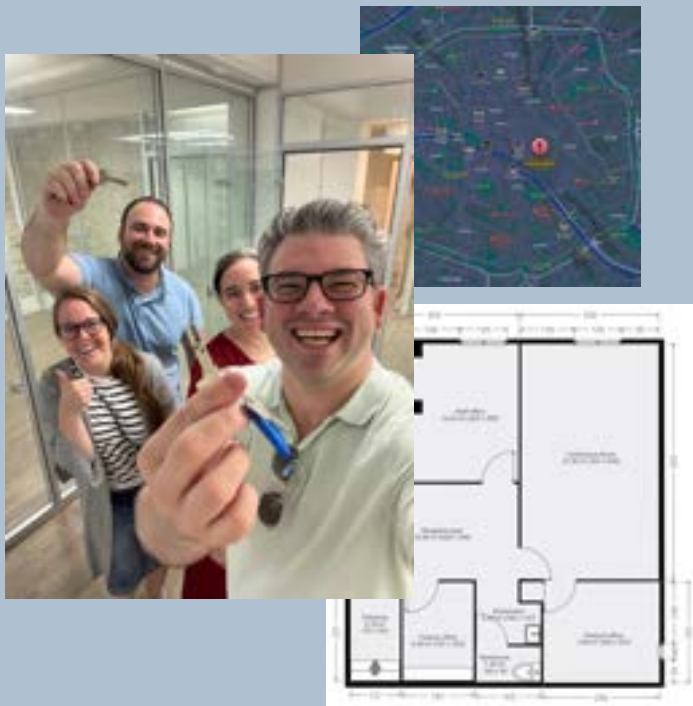

Around 20 people gathered together, hungry to go deeper in their walk with God. We took time to clearly explain what it means to be baptized in the name of Jesus and then led the group in a prayer of repentance.

After the baptisms we took some time to worship and pray together. We could feel faith rise and God moved in a powerful way. We finished the afternoon by sharing our personal testimonies and encouraging the group.

What started as a baptism became a powerful moment of breakthrough. There was a shift in the atmosphere. God is clearly moving in Rambouillet, and we're incredibly grateful we got to be a part of that event!

WE HAVE AN OFFICE!!

After a long and difficult search, we're grateful to share that Paris Centre Church has finally secured a dedicated administrative office.

This new space will serve as a place to handle the day-to-day operations that keep the church moving forward and a central base for evangelism, discipleship, and church growth.

With the launch of our new PCC 17 Campus, the timing couldn't be more perfect. This office allows us to train leaders, organize with excellence, and advance the Kingdom of God across our city.
