

INDIAN OCEAN ISLANDS

RUMMAGE SALE

To start off our amazing but busy month of July we had a national ladies event / community outreach. The gently used clothes, toys, shoes, and more served as fundraiser for the national ladies fund as well as provided an opportunity for the community to get clothes for a much better price than the stores. Most items were sold for less than 100 rupees which is less than three dollars!

HOSPITAL VISIT

As a result of the event, we had a Hindu lady come by seeking prayer for her son who was in the hospital and in very bad shape. We prayed for her and then went to the hospital the next morning to pray for her son! We believe God is preparing us for a breakthrough in the Hindu population and we are believing for greater things!

INDIAN OCEAN ISLANDS

LADIES MEETING

The ladies kept the momentum going with another meeting soon after. This was a great time of fellowship and refreshing. Lexi preached about how the woman of the house is responsible for the atmosphere of the home. Jesus should be the center of every home and He is the same in the church as He is in your house.

NEW AIMER

We welcomed Adriana Cox from Oklahoma back to the Indian Ocean Islands. Lexi and Adriana were on the 'Next Steps' program in 2022 to Madagascar. She will be working in the islands for about 4 months and feels a burden for access challenged nations.

She was here for about a week before we all travelled to the island of Reunion!

YOUTH CONFERENCE

Whilst in the island of Reunion we had a youth conference from the 18th to the 20th.

Lexi started the conference off with a word about cultivating your secret place with God. God deserves all of our praise and worship and we must all find a secret place with Him to cultivate our relationship and further our walk with God.

INDIAN OCEAN ISLANDS

John had the Sunday afternoon service and delivered a word from God about pushing through suffering to live the life God has called you. We may not understand it all in the moment, but God is working out a better plan whether we know it or not.

SUNDAY SERVICE

To complete our time in Reunion, John preached the last Sunday about developing a hunger for God. What you are hungry for in life determines what you consume. In regards to our physical hunger, we will consume food to satisfy our appetite; if we are hungry for souls to be won then we will do what we have to do in order to satisfy that hunger. It was a wonderful way to end the month off and begin conference preparations for Mauritius!

PRAYER REQUESTS

We are currently in the middle of our national conference in Mauritius - please pray with us for the services, that God would have His way and that every speaker would be anointed and fulfill the plan that God has.

Prayer for future conference - we have conference in Madagascar within the next couple of weeks, so prayer for those services and speakers as well.

Lastly, we are praying to have a smooth delivery of our baby girl here in Mauritius. Our current OBGYN is going out of town from 9/25-10/9 so we are praying that the baby will come just a few days early so he will be here to deliver.

Thank you for joining with us in prayer! We love you all!
