WHAT'S NEW...

August was another active month, with our whole family being involved in supporting a VBS, as well as other youth and weekly services.

We are thanking God for 2 baptised in the wonderful name of Jesus, including a Japanese lady who had only been attending a short time.

The first VBS in several years was held midway through August, and Naomi was an instrumental part in the planning and execution of it. We had 24 children across 2 days!

Summer break has ended for our boys, and Claire is excited to be starting up her lessons again too.

We also have the Global Association of Theological Studies (GATS) coming into Japan as our ministerial training arm. We had the Hughes as our training speakers, and we enjoyed their practical insight into teaching and ministering the Word of God.

PRAYER REQUESTS | PRAISE REPORTS

Please pray for our residency renewal paperwork. We are waiting on a response and that can save us a large amount of expense and time over the next 3 years. Please pray that the Will of God will be done.

Please also pray for Caleb as he ministers at a nearby church for the first time on September 7th.
