

ALICIA & BAPTISTE

IN PARIS

Prayer Focus

We are praying and believing for a **powerful, Spirit-filled launch of our new campus** in the 17th arrondissement this Friday! So much prayer and preparation has gone into this moment, and our hearts are full of faith and anticipation for what the Lord will do as we step into this new season.

We also ask for prayer over the **second semester of Purpose Institute**, where I'll be teaching Ministry of the Apostles. PI has been such a blessing to our church, bringing real spiritual growth and equipping future leaders. We are trusting God for wisdom, favor, and another incredible semester.

We are also praying for our **CityGroups** as they begin again. We are so excited to see evangelism, Bible studies, and fellowship groups flourish—believing that each one will be a place of growth, connection, and transformation.

And with all of this, Baptiste and I humbly ask for your prayers - for strength to work unto the Lord with excellence, for wisdom and patience as we walk through this season of growth, and most of all, that every step we take would be ordered by God: His will, His plans, and His might.

Preparing for the Season Ahead

August has truly been a month of preparation—spiritual, physical, and emotional. With many church activities slowing down, we've been grateful for the chance to pause, seek the Lord, and be renewed before the full season of ministry begins in September.

Highlights from the month:

- **SUMMER SUNDAYS**

Throughout the summer, we've invited different speakers to share the Word. It has been a joy to see our young preachers step forward, growing in confidence and practicing the giftings God has placed in them.

- **MINISTERING IN ARRAS**

We had the lovely opportunity to minister in the city of Arras. God's presence moved powerfully, and our time connecting with the church there was deeply encouraging. Moments like these remind us that we are not walking this journey alone, but as part of God's larger family across France.

- **PREPARING OUR NEW OFFICE**

We have been diligently working on setting up PCC's new office space. It has already proven to be a huge blessing. Setting it up has felt like laying down a foundation for the growth we believe God is bringing in the months ahead.
