Bible School Dedication Group

Last month, a group traveled with us into the Cuchumatanes Mountains region to assist with building projects at the Bible school located there. Fondly known as "the school above the clouds," it sits 8,000 feet above sea level. This building plays a vital role in providing further biblical education for more than 40 churches in the area.

This month, we were honored to host a group from Michigan. They came to dedicate the newly completed sections of the building and to minister to the congregation through music and the Word of God. The service drew region-wide support, with hundreds in attendance.

EVANGELISM AND PRAYER MEETING IN FAMILY HOMES

Activities of the Month.

We have been studying Spanish since our arrival in December. However, in September, thanks to our wonderful supporters, we were able to enroll in intensive Spanish classes. For four weeks, we studied five days a week, five hours each morning, to continue improving our conversational Spanish.

Also in September, new connections were made in a town west of the city, where we have been actively promoting evangelism and hosting prayer meetings among local families.

We have continued our work at the Bible school as well as with Home International, assisting wherever we can and supporting visiting groups at these locations. Additionally, we were very excited to take part in Guatemalan Independence Day on September 17th.

Home International Project Group

We are thankful for the group from Virginia who came to Home International. They helped build a Montessori classroom for the children and also ministered to the kids and several neighboring churches.

We deeply appreciate their dedication, their love for the Kingdom, and their passion for the children of Guatemala.

GROUP PRAYING AT HOME

It is a blessing to work hard alongside others for the Kingdom. Witnessing the fruits of the labor that has been—and continues to be—sown in Guatemala, knowing it will bring a continued harvest for God's glory.
