WHAT'S NEW...

September seemed to fly by. As we settled back into our routines after summer break, we had lots of new and exciting things happening at the church. Many first time visitors this month, there were new faces every week! There were several first time guests in Sunday School as well! We have been experiencing deep moves of God, with healing and emotional restoration at almost every service.

We were so happy to be able to watch General Conference 2025 online. Our kids watched with us and loved looking for familiar faces. It was wonderful to feel united with the larger body of Christ across the world.

We were also thrilled to be able to celebrate with our friends Dorothy and Josiah Braam at their baby shower.

PRAYER REQUESTS | PRAISE REPORTS

Please pray for Caleb as he travels to Tokyo October 10-14 for the JUPC Northern Regional Conference!

As well, we have our family camp in October, pray that we will have great weather and be able to have a great time of fellowship.

Lots of exciting outreach plans for October as we will have some visiting ministers. Pray for great moves of God and for people to be saved.
