September Newsletter 2025

Dear Partners in the Gospel,

This September, we had the privilege of ministering in several churches across California. We were warmly welcomed at Tabernacle of Praise in Manteca, Harvest Tabernacle in Los Angeles, and Community Praise Tabernacle in Riverbank. Each service was a powerful time of worship, connection, and shared burden for the work in Brazil. In addition to these services, we were honored to attend the UPCI General Conference, where we hosted a Global Missions booth and met many fellow laborers in the Kingdom.

While at General Conference, we were invited to participate in a Global Missions interview to share our testimony as former professionals who left careers — along with our children — to serve as full-time missionaries through the Associates in Missions (AIMers) Program. It was a meaningful opportunity to encourage others who may feel the call to missions but wonder how to take the first step. We pray our story continues to inspire others to say yes to the Great Commission, wherever they may be.

We are also excited to share that this month, we completed our application to move forward in our next step with UPCI Global Missions — transitioning from AIMers to the Associate Missionary Program (AMPers). We are currently awaiting our interview and trusting God to lead each step forward.

While at General Conference, we were honored to participate in a Global Missions interview to share our testimony as former school administrators and social workers who left our careers — along with our children, Marlon and Geona — to serve overseas as full-time missionaries through the Associates in Missions (AIMers) Program. It was a meaningful opportunity to encourage others who may feel the call to missions but wonder how to take the first step. We pray our journey continues to inspire individuals and families to say yes to the Great Commission.

We also completed our application this month to advance to the next phase of our missions journey through the Associate Missionary Program (AMPers) with UPCI Global Missions. We are currently awaiting our interview next month and are trusting God for His perfect timing and provision.

In Brasilia, we are continuing to mentor a young couple who are helping to Pastor one of the works in Brasilia that we help start, IPUB Plano Piloto: Asa Norte. We meet regularly to encourage, advise, and provide training to Daniel and Bianca as they continue to work in that area of Brasilia. Please keep them in prayer, they are doing a great job.

As we continue our travels, we look forward to connecting with both new and longtime partner churches to share the vision for Brazil and the urgent need for continued missions work. Our heart remains burdened for the people of Brazil, and we are committed to returning equipped and strengthened to continue the work of evangelism, discipleship, and church planting. Thank you for standing with us in prayer, in giving, and in faith. Together, we are fulfilling the Great Commission — both here in the United States and across the nations.

Sincerely,

THE GAYLES
