

INDIAN OCEAN ISLANDS

September was a month of transition and preparation. But like every other month so far, it seems like time is just flying by. We had an AIMer, Anna, from another island come over for about 5 weeks. With Anna here, we went to all the churches of Mauritius so that she would have an opportunity to preach and experience all the different churches.

PROSPECTION FOR BAMBOUS CHURCH

In preparation for our evangelistic crusade in Bambous, we participated in prospection and prayer walking. Where we split into various groups and headed into different parts of the town in order to pass out tracts, inform others about the upcoming crusade, and to plant seeds of hope into the community.

Amiyah Hope

On September 18th, we welcomed our beautiful daughter into this world! Unfortunately, we needed to have a C-section in order for it to happen; but, through it all, God had His hands upon Lexi and our baby girl! We are excited for this addition to our family, and can't wait to see how God will work through her!

Youth Service

To end the month off, we had evangelistic crusade in Bambous and Youth Service on the last Sunday of September. The youth did a great job in their service, providing the song service, testimonials, as well as an exhortation! We are so proud of their heart for God and stepping out of their comfort zones!

Bambous Crusade

Our Crusade service was a great time for many to be together in the presence of God! And we saw God move in a mighty way, with a total of 3 people on this Sunday receive the gift of the Holy Ghost and be baptized in the name of Jesus; as well as many be refilled and renewed.
